Mr. [REDACTED]

Las Vegas, NV [REDACTED]

Dear [REDACTED]

Thank you for contacting me to share your support for the James Zadroga 9/11 Health and Compensation Reauthorization Act (S.928). I appreciate your thoughts on this issue and welcome the opportunity to respond.

We must never forget that on September 11, 2001, many innocent Americans lost their lives in a vicious act committed by violent extremists. Today, we continue to stand together as a nation to commemorate those who lost their lives, those families affected, and the courageous first responders who risked their own lives to save others. I want you to know that I recognize your desire to ensure that our nation's 9/11 heroes and survivors have access to the medical treatment and assistance they need to heal.

I understand your support for S.928, which would reauthorize the World Trade Center Health Program and the September 11th Victim Compensation Fund through 2041. This legislation has been referred to the Senate Health, Education, Labor, and Pensions (HELP) Committee, where it awaits further consideration. While I am not a member of this committee, please know I will keep your thoughts in mind should S.928 or related legislation come before the Senate for debate or a vote.

Once again, thank you for contacting me to share your thoughts. Please do not hesitate to let me know if you have any further questions or concerns.

Sincerely,

DEAN HELLER
U.S. Senator
