QUESTIONNAIRE

Q.1 - As a Candidate for President, will you join in urging Congress to pass HR. 1786/ S928?

Yes

Comments: I am proud to be an [original cosponsor](#) of the bill. I am proud to be a cosponsor of legislation in the Senate to reauthorize the programs, and will work with Senator Gillibrand to help pass this much-needed law.

Q.2 – If you were elected President would you sign HR 1786/ S 928 if it was passed by Congress?

Yes

Comments: I strongly support reauthorizing these programs and would fight to sign them into law if elected President. Our nation is indebted to the police and firefighters who rushed into burning buildings and saved lives on 9/11 and the workers who cleared the rubble after the terrorist attacks. Many of these workers are now suffering debilitating illnesses as a result of helping us get through that terrible time-- and sadly, many more will develop illnesses in the years to come. We have a duty to care for these brave men and women, as we do for all men and women who serve their country. And we have a duty to care for all the survivors of that day, who still live with the aftereffects.

Q.3 – If you answered “No” to urging Congress to pass the bill or to signing the bill into law, please explain why.

N/A
