**Subject:** [EXTERNAL] RE: Medical Forum Call

Hello –

We are able to resume processing enrollments, certifications, and letters at this time. Expedites have also been processed. Please reach out to Karna if you have questions about the status of an enrollment or certification. You should be seeing the new decisions in your next data feeds this Friday and Monday. If there is an issue with your data feed, please reach out to Karna so they can look into it for you. If there are other questions or issues, please reach out to me.

Thank You,

Lauren Cimineri PharmD MPH
